Testimonials

Niyati Raval  CA, Finance, Mumbai

Among all preparation methods and techniques, EduPristine’s guidance is most valuable for students and aspirants. The credit for their choice for the methods of preparation like class tests, revision lectures, books, etc. can be given to the fact that they have a set format of teaching, which creates a schedule for a student, and a step-by-step process that covers the entire FRM syllabus. Another reason for which EduPristine is liked by students and aspirants is that they include the guidance and support from an expert guide or tutor. I can surely assure edupristine provides great help for FRM curriculum.
